Industry advocates:

COMMINUTION '18

MEI's Comminution conferences are established as the main events for profiling cutting edge research and innovation in all aspects of crushing, grinding and ultrafine grinding in the minerals industry.

We strongly encourage a good balance between industrially based and academic research papers showing the benefits of basing practical application on scientific rigour, such as the industrial validation of models and control techniques.

ORGANISERS

The conference is organized by Minerals Engineering International (MEI) in consultation with Dr. Aubrey Mainza.

Dr Aubrey Mainza joined the Centre for Minerals Research at UCT as a Research Officer in 2002, then became a Senior Research Officer, and is now a Senior

Lecturer in the Centre. Today Aubrey heads CMR's Comminution research.

CPD

Comminution '18 is certified for Continuing Professional Development.

CONTACT DETAILS

CALL FOR PAPERS

If you would like to present a paper, please submit a short abstract in English, of no more than 150 words, to bwills@min-eng.com.

If accepted, draft papers will be required. These will form the unrefereed Proceedings, which will be available to delegates on a USB stick at the conference.

Final papers should be submitted no later than one month after the end of the conference. These will be refereed, and, if accepted, published in a special Comminution issue of *Minerals Engineering*, the world's number 1 journal in mineral processing and extractive metallurgy. Corresponding authors will receive one complimentary copy of this special issue. All other delegates may purchase the special issue from Elsevier Science Ltd at a discounted rate.

CONFERENCE LOCATION

The conference will be held at the Vineyard Hotel, in the leafy suburb of Claremont in Cape Town. The hotel offers a stunning view of the slopes of Devils Peak and Table Mountain on 6 acres of parkland.

More information on the Vineyard Hotel, and other hotels close by, can be found on the conference web site, at:

www.min-eng.com/comminution18/acc.html.

The Vineyard Hotel is situated in six acres of attractive landscaped parkland on the banks of the Liesbeeck River.

TESTIMONIALS

"Another excellent conference [Comminution '14] ... There was a very good mix of industrial and academic papers/posters stimulating a lot of discussion and exchanges. Looking forward to Comminution '16!"

Peter Radziszewski, Metso, Canada

"I'd just like to thank you and the family for putting together a very enjoyable, informative and thoroughly professional conference last week in Cape Town [Comminution '10]. Very pleased to hear we'll be back there in two years. Once again thank you very much it was one the best run events I have attended."

Dave Capstick, Director Sales, Deswik Mining Consultants (Pty) Ltd, South Africa

"Comminution '14 offered a high concentration of potential clients as well as contact with former colleagues and friends within the industry. The coffee breaks, lunches and social functions are an extremely important part of the event.

Chris Martin, RSG Inc., USA

"It was my first visit to the Comminution conference [Comminution 08] and I would like to send you and your family my thanks and appreciation for an excellently organized meeting. I am looking forward to participating in your future meetings."

Boris Farber, Zircoa Inc., USA

"Thank you for providing a valuable comminution forum [Comminution 04] in Perth. We enjoyed being associated with this conference and the exposure it brought with it."

Sarah DeBono, Senior Process Engineer, Xstrata Technology (sponsors of Comminution 04, Comminution 06 & Comminution 08)

"Excellent opportunity to learn... I enjoyed a lot the conference [Comminution '14] and I will be in the next conference"

Douglas B. Mazzinghy, Anglo American, Brazil
